

## Newsletter

**highstreet**  
DENTAL PRACTICE

Welcome to the High Street Dental Practice newsletter.

### We are going green with our reminders!

We are pleased to announce that as a result of patient feedback that from July 1<sup>st</sup> our dental health examination reminders will now be sent to you via text messaging. Please be sure to let us know if your number changes so that you don't miss your reminder

### Dr Julie Owen is now working 3 days a week

Many of you will have already met Julie Owen, one of our Principal Dentists. Julie is now working on Mondays, Tuesdays and Wednesdays. This increases availability of popular appointment times for existing and new private patients.

### NHS child places available

At the High Street Dental Practice we provide high quality care in a friendly environment and we encourage all members of the family to attend for continuing dental health care. All children of registered adults will be seen on the NHS and we are currently accepting new children onto our NHS lists.

### New Patients welcome

The biggest compliment you can pay us is to recommend our services to your family, friends and colleagues. Our growth is built on recommendations and reputation. If you are happy with the service we provide for you then please let those around you know. We would be delighted to see them at the High Street Dental Practice

### Zoom! Advanced teeth whitening system

Zoom teeth whitening is now available at the practice and is a way of whitening your teeth in the chair in less than 2 hours. Please ask our staff or your dentist for more information about Zoom.

### Invisalign

The system that straightens teeth without the need for fixed braces. Please ask your dentist for more information or visit the invisalign website at [www.invisalign.co.uk](http://www.invisalign.co.uk)

### Congratulations to Izzy on gaining her qualification

We are pleased to announce that nurse Izzy recently passed her nursing qualification and is now a fully qualified Dental Nurse. Always keen to improve her skills, she will be starting the Oral Health Education course in September. We are confident she will do well.

Katy has also recently taking her nursing qualification examination and will get her results in the next few weeks. We are all quietly confident!
